

F. B. CATE REAL ESTATE AGENCY

The money you throw away in poor speculations would be better invested in real property which stays where it is put. You who do not own your home, figure up the amount you have spent in rent during your life. Better use paper and pencil, for it may prove to be an arithmetical problem. Now you can see for yourself what a poor investment your so-called home has been.

THIS HOUSE is a bargain. It is on John Street. Contains six rooms closets and pantry. It has a nice bath-room with hot water connections, hard wood finish, has been recently painted and shingled. THIS SEVEN-ROOM COTTAGE is located on Humbert Street, near the Ward 5 school-house. This also has bath with hot water connection. Just as good a cellar as there is in the city, with granite underpinning. Bay window and two piazzas. Lot is 80 1/2 by 65 feet. Corner lot. This house has been built only three years. Price, \$1,800.00. Small payment down. Balance at five per cent.

THE FARMS we have on our lists are too numerous to mention here. Come in and look over our description of them and see if you don't find just what you want.

We not only have houses and farms, but we have many different kinds of business to sell—granite quarries, machine-shops (doing a good business), stores, restaurant, etc. Remember the place.

INSURANCE

Some agents say "The Best Companies," others "The Strongest," and still others "The Largest Companies." I simply say

JOHN W. DILLON, Agent,

Representing \$465,490,117.39 assets as per annual statement of companies represented in this agency on January 1, 1903. That tells the whole story. Call and investigate. No risk too large, none too small.

The Five Essentials!

SIMPLICITY,
SPEED,
LIGHT TOUCH,
EASY ACTION,
DURABILITY.

The above features, carried to their highest efficiency, represent Typewriter perfection.

SIMPLICITY—In building the Fox Typewriter we have constantly had before us the need of simplicity and we have a machine which we believe is as near "foolproof" as it is possible to build a typewriter and we have not sacrificed a desirable feature.

SPEED—No Typewriter made has the speed of the Fox. It holds the world's record, made in February, 1904, of 218 words per minute.

LIGHT TOUCH—It requires an expenditure of only 1-2 ounces of force to print a letter on the Fox Typewriter. Other machines require from 3 to 8 ounces.

EASY ACTION—The three-point ball bearing on the Fox carriage gives our machine a carriage action that is unapproached by any other. Every other typewriter requires a carriage tension of from 2 to 4 pounds. The carriage tension on the Fox is one pound.

DURABILITY—The above features all add to the long life of the Typewriter and with the adjustable type bar and hanger insure perfect alignment during the life of the machine.

Fox Typewriters are placed on trial anywhere without charge. At least send for complete catalogue.

MEN ARE POWERLESS

To Fight Against Disease Unless They Strike at the Underlying Cause.

To treat Dandruff, and Falling Hair, with tritamins or oils on which a parasitic germ will prosper, is like scooping water from the ocean to prevent the tide from rising.

You cannot accomplish a satisfactory cure without having a right understanding of the fundamental causes of the trouble.

You must kill the Dandruff Germ. Newbro's Herpicide does this because it is specially made to do that very thing.

When the germ is removed, the hair has no choice but to resume healthy growth and beauty.
